

## Annual Report 2016-2017

The Annual Activities this year focused only on Tailoring for Girls, Support Education for Government School children and Waste Recycling Activities .

### Joyful Learning for Government School Children :

Education can be imparted but Learning happens when the environment for it is conducive. To enable maximum learning by the children we get specialized resource persons to use play way techniques . Space for imagining and creating your dreams is encouraged through oral story building activity.

Words are important to help you express yourself or communicate well. For this your vocabulary needs to be strengthened . Word building and understanding is another activity that is lead during our joyful learning sessions .

### . Product Training for our waste recycling centre women:

To take a step towards sustainability the recycling centre workers needed to develop products from the hand made paper made by recycling paper waste. Thus a training in Product making was done in collaboration with Tara Gram of Development Alternatives .

**Paper Recycling a continuous activity:** After the Product making workshop the recycling centre staff was capable enough to make good conference kits for various organisations. The income generation activity began with an order for the Swachh Bharat workshops.

**Poly AL upcycling for making Handicrafts** : To encourage more activities under waste to Livelihood project micro-entrepreneurship strategy was built in. The womens

team for home based livelihood initiatives was motivated and worked hard to take up the challenge. They delivered a continuous order for Swachh Bharat Training workshops .

**Cutting and Sewing Centre** :One potential source of income generation for the women and job creation for community members is the sewing centre . It was considered to provide a limited number of jobs initially, because of the nearby export factories but expansion possibilities create the potential for providing employment to a large number of people within the community. The centre provided training sessions to the community women, so that anyone interested can learn the valuable and marketable skill of sewing.
